## Second International Symposium

### Methods and Applications of Computational Chemistry

Organizing Committee cordially invites you to participate in the MACC-2 Symposium that will be held 2-4 July 2007 in Kyiv, Ukraine.

The Symposium is organized by Ukrainian-American Laboratory of Computational Chemistry (Kharkiv, Ukraine - Jackson, USA), SSI "Institute for Single Crystals" and Institute of Molecular Biology and Genetics of National Academy of Sciences of Ukraine under support of Technological Park "Institute for Single Crystals".

#### *Scope of the Symposium*

All areas of computational chemistry as well as quantum chemistry will be covered. Particular focus will be put on the following topics:

- molecular modeling of the systems of biological interest;
- intermolecular interactions.

*Official language* of the Symposium is English. No translations will be provided.

#### *International Organizing Committee*
